From the Principal,

Prayer:

I know right now how busy the staff and I are, and I wanted to share the following prayer with you.

Loving God,

Please grant me peace of mind and calm my troubled heart.

My soul is like a turbulent sea. ... Give me the strength and clarity of mind to find my purpose and walk the path you've laid out for me.

I trust your Love God, and know that you will heal this stress and give me the confidence that I need to see that I am worthy and that I can 'do this'.

With love, Amen.

Congratulations to Rochelle Sandlands

Congratulations to Rochelle who showed me the mock-up of her new book!!
 What gorgeous illustrations! I cannot wait to see the "real deal".

Thankyou's

Thank you to Lisa Greenhill for her donated hair vouchers from Thursday Joy Riders club and Liz Foster from Bendigo. Such a lovely sentiment and graciously received by Kirby Nugent from Lisa Greenhill.

Thank you to the P&F for running the book fair in the Library all week. I understand the logistics that it takes to have parents available for before and after school. Thank you for commitment to the SHS students and demonstrating to them the brilliant worlds that books and our imagination open up for us.

PARENTING AFTER BUSHFIRES

PRESENTATION AND Q&A

Presented by the crisis psychologist Dr Rob Gordon

ALL WELCOME

What : Parent information about the ways you might expect your children and young people to react in the months after the fire and suggestions about how best to support them.

When : Tuesday 17th March at 7.00 – 8.30 pm with tea/coffee to follow

Where: Corryong College multipurpose room in the new F-4 hub building

Bushfires create uncertainty and fear as well as disruption of routines and security. Children sometimes react in ways that parents do not understand and parents also worry about the effects of these events on their children.

The presenter will discuss the range of reactions, strategies to assist children and young people and provide information from research into the recovery process after natural disasters.

Although some changes in behaviour are common, most children and young people recover well with support from their families. It is important that parents understand these reactions so they can use their knowledge of their children to support them.

Information will be provided and will include contacts for further assistance.

Our Presenter: Dr Rob Gordon

Rob Gordon is a clinical psychologist who has been working in the field of disaster recovery since Ash Wednesday in 1983. He has worked with many organisations and directly with people and communities, including the Port Arthur shooting, the Bali Bombing, Black Saturday, the Christchurch Earthquake as well as numerous floods, fires, cyclones and other events throughout Australia and New Zealand.

He himself is a bushfire survivor and spends time counselling and helping the survivors of natural disasters and other traumatic events

This year Rob has been working extensively with schools and communities in East Gippsland and we are most grateful that he is able to spend some time with us in Corryong.
